DON'T BE AFRAID OF MAKING MISTAKES

Dare to speak in Spanish and don't be afraid of making mistakes when you speak. Everyone makes mistakes, even in their own language. Remember: “Anyone who has never made a mistake has never tried anything new.”

Go confidently in the direction of your dreams. Live the life you have imagined .”

HENRY DAVID THOREAU

THREE

DON'T STUDY GRAMMAR

Do not learn complicated grammatical structures, do not memorize endless lists of vocabulary, and do not test your knowledge with stressful exams. **This is not the way you learned your own language.** A lot of research has shown that the key to effective learning is by listening. When you listen repeatedly to the same information, you are able to learn vocabulary and grammar patterns unconsciously, just as a baby learns.

Even the tallest trees always begin as a seed.”

LISTEN A LOT

The more you **listen to Spanish**, the more familiar it will become for you. You can listen to [Spanish podcasts](#) while traveling by subway, car or bus. Take advantage of every single chance you have to listen to Spanish.

One language sets you in a corridor for life. Two languages open every door along the way."

FRANK SMITH

MOTIVATE YOURSELF

Say to yourself several times a day: **“I'm good at learning Spanish,” “I can speak Spanish.”**

Words and thoughts that are repeated often sink into the subconscious mind and affect the behavior, actions and reactions of the person involved.

*A man is but the product of his thoughts.
What he thinks, he becomes.”*

SKYLAR HARRINGTON

Cognates are similar words in different languages, for example: “chocolate”, “favor”, or “dental”.
